JA - 10.01.2024

A detailed topographic map of the Orsières region. The map features contour lines indicating elevation, with labels such as 1032, 1157, 1105, 1100, and 1200. Several towns and villages are marked, including Souallex, Verlonnaz, Chez-les-Reuses, Verlonnaz, Orsières, Commeire, Montatuy, Somlap, and Fornex (Liddes). The map also shows a network of roads and a river or stream flowing through the area.

An aerial photograph of the Orsières area, showing a residential neighborhood with numerous houses and buildings. A road intersection is highlighted with yellow markings and a red line indicating a road closure. A railway line runs along the left side of the image. The map is overlaid with a grid of numbers, likely representing elevation or a specific project area. A compass rose is located in the top right corner, showing North (N), South (S), East (E), and West (W).

La Forge - Vieux-Bourg d'Orsières

Signalisation de chantier - Phase 2

- Déviations véhicules jusqu'à 3.85m
- Déviations véhicules de plus de 3.85m
- Tronçon fermé
- Zone de chantier
